SIOOPEN Bioportal project management

Caterina Sansone, who has been leading and managing the set up of the SIOOPEN Bioportal project has finished her activities on February 16th 2022. This is sad news for SIOOPEN as it has been an immense pleasure to work with Caterina who has fulfilled her task with extreme efficiency and dedication. But it is good and happy news for her to have found new challenges in a new field and new environment.

Thank you Caterina for all your work done for SIOOPEN and best wishes for your future career!

And welcome to Priyanka Devi-Marulkar who will continue this important activity
